Nishant Sharma- Software Engineer

India ✉ ns783676@gmail.com ☐ 08510096624 in/Nishant Sharma

SUMMARY

Highly motivated computer science graduate with proficiency in C language, SQL, and strong problem-solving skills. Eager to apply knowledge and collaborate in a dynamic tech role. Quick learner and adaptable team player.

PROJECTS

Stationary Shop Management System
IES IPS Academy, Indore · January 2023 - April 2023

· The Stationary Shop Management System, powered by Java Swing, Email API, and Voice API, offers a comprehensive and user-friendly solution to 80% efficiently manage the day-to-day operations of a stationary shop, improving productivity, customer satisfaction, and overall business performance.

· The system allows the shop owner to manage the stationary items available in the inventory. Staff can add new products, update item details (e.g., name, description, price), and remove discontinued items.

· The Voice API enables the system to interact with customers through voice-based interactions. Customers can place orders, inquire about product availability, or receive order status updates via automated voice calls.

· The Email API integration allows the system to send automated emails to customers for various purposes. Customers receive order confirmations, payment receipts, and promotional offers via email and decrease the time of writing email by 90%.

CERTIFICATIONS

HTML, CSS, Bootcamp
Udemy · 2023

Certified in standardized and evolving set of project management principles.

SQL- The Complete Introduction to SQL Programming
Udemy · 2023

Helps us in the work that involve DBMS.

EDUCATION

B.Tech
Institute of Engineering and Science, IPS Academy · 8.96 · Indore · 2024
